

# THE MOUNTAIN COMMUNITY SCHOOL

613 Glover Street • Hendersonville, NC 28792

September 14, 2016

To Whom it May Concern:

The Oklawaha Greenway is important to the Mountain Community School and to the broader Henderson County community. It provides an outdoor space where children of all ages can explore the natural world and learn firsthand about science. The Greenway fosters an appreciation for the natural world by giving children a chance to see migratory birds, explore wet lands, and learn to identify trees and wild flowers. The Greenway also helps children stay fit by providing a safe place for families to bike, run and walk their pets.

We are grateful for the Greenway we have, and would welcome its extension to Blue Ridge Community College. The proposed extension would be particularly important to Mountain Community School because of its proximity to our campus.

Sincerely,

Denise Pesce  
TMCS Principal
