

Mr. Joe Sanders, President  
Friends of the Oklawaha Greenway

Dear Joe:

Kimberly-Clark Corporation, Berkeley Mills, would like to formally offer public support in the proposed project to extend the existing Oklawaha Greenway from Jackson Park to Blue Ridge Community College and Flat Rock Park.

As a current property owner through which the Oklawaha passes we find great pride in being a part of the greenway and value the opportunity that this provides for the community to enjoy Henderson County.

The Oklawaha provides an infrastructure to encourage people to take part in an active lifestyle which helps to create a healthier and happier community. Greenway projects, public parks and hiking trails, such as the Oklawaha, also provide a venue which helps to promote environmental sustainability and advocacy which in turn helps to boost local tourism providing an economic benefit back to the surrounding area.

Kimberly-Clark Corporation is honored to join with other non-profit organizations, local businesses and citizens working to provide opportunities to develop habits and attitudes that contribute to their positive well-being by supporting the proposed extension of the Greenway.

For any additional question regarding Kimberly-Clark Corporation's current status as an Oklawaha Greenway supporter please feel free to contact Michael Baldwin.

Sincerely,
