To Whom It May Concern:

On behalf of the Henderson County Tourism Development Authority (TDA) Board, I would like to express our strong support toward the continued development and extension of the Oklawaha Greenway between Jackson Park and Blue Ridge Community College. We direct many visitors to the current trail because of its accessibility. We consider it one of our many wonderful assets for visitors and local residents to enjoy.

The Henderson County TDA recognizes the need to continue developing and promoting new tourism attractions in our county and region to draw more visitors to our area. We thank your organization for its on going hard work to provide an experience-based attraction that will strengthen and grow tourism in our county and region.

Please keep Henderson County TDA abreast of your efforts and let us know if there is anything we can do to provide additional support to make this project become a reality.

Sincerely,
